

## 4KCHANGER-TC2 Perfectly Fit into Hotel Howard VIP Room

Howard Hotel Group is the largest five star hotel chain in Taiwan and since its first hotel established in 1984, Howard Hotel is well-known its sophisticated facilities, cordial and detailed services. aegis' 4KCHANGER-TC2 was deployed in the renovation of Howard Hotel Taichung project. The project was a new construction of the dining areas on the third floor of Howard, which is divided into a Chinese restaurant area, Western food area and lounge bar areas. These areas are designed in four themes areas and in order to create the

themes for each area, in addition to the interior decoration of themes, visual and auditory design and planning are also the important elements in theme creation. The aegis' 4KCHANGER-TC2 was build-in a wall cabinet in a VIP room as a part of lounge bar area where also offer a private meeting space. 4KCHANGER-TC2 supports multiple input source formats that offers flexibility to users and simply work well with Epson projection screen with microphone and mixer; moreover its elegant design perfectly fit into the hotel interior designs.
