ACC-RACK-1000 can hold up twelve 1080P solution encoders, decoders or control box within a 5U rack space. It fits standard 19" rack assemblies and allows units to be mounted forward or backward. Mount encoders / decoders vertically in any of 4 orientations for optimized cable management. This rack supports ideal airflow through units for proper cooling in the rack. An L-bracket on each carrier unit provides secure mounting. It uses environmentally friendly materials and structural design so It is RoHS compliant.

In the Box	
1 x ACC-RACK-1000 Chassis	12 x Blank Plate
2 x Handle Mounting Bracket	1 x Assembly Screws Pack
